

OR-B78-2M

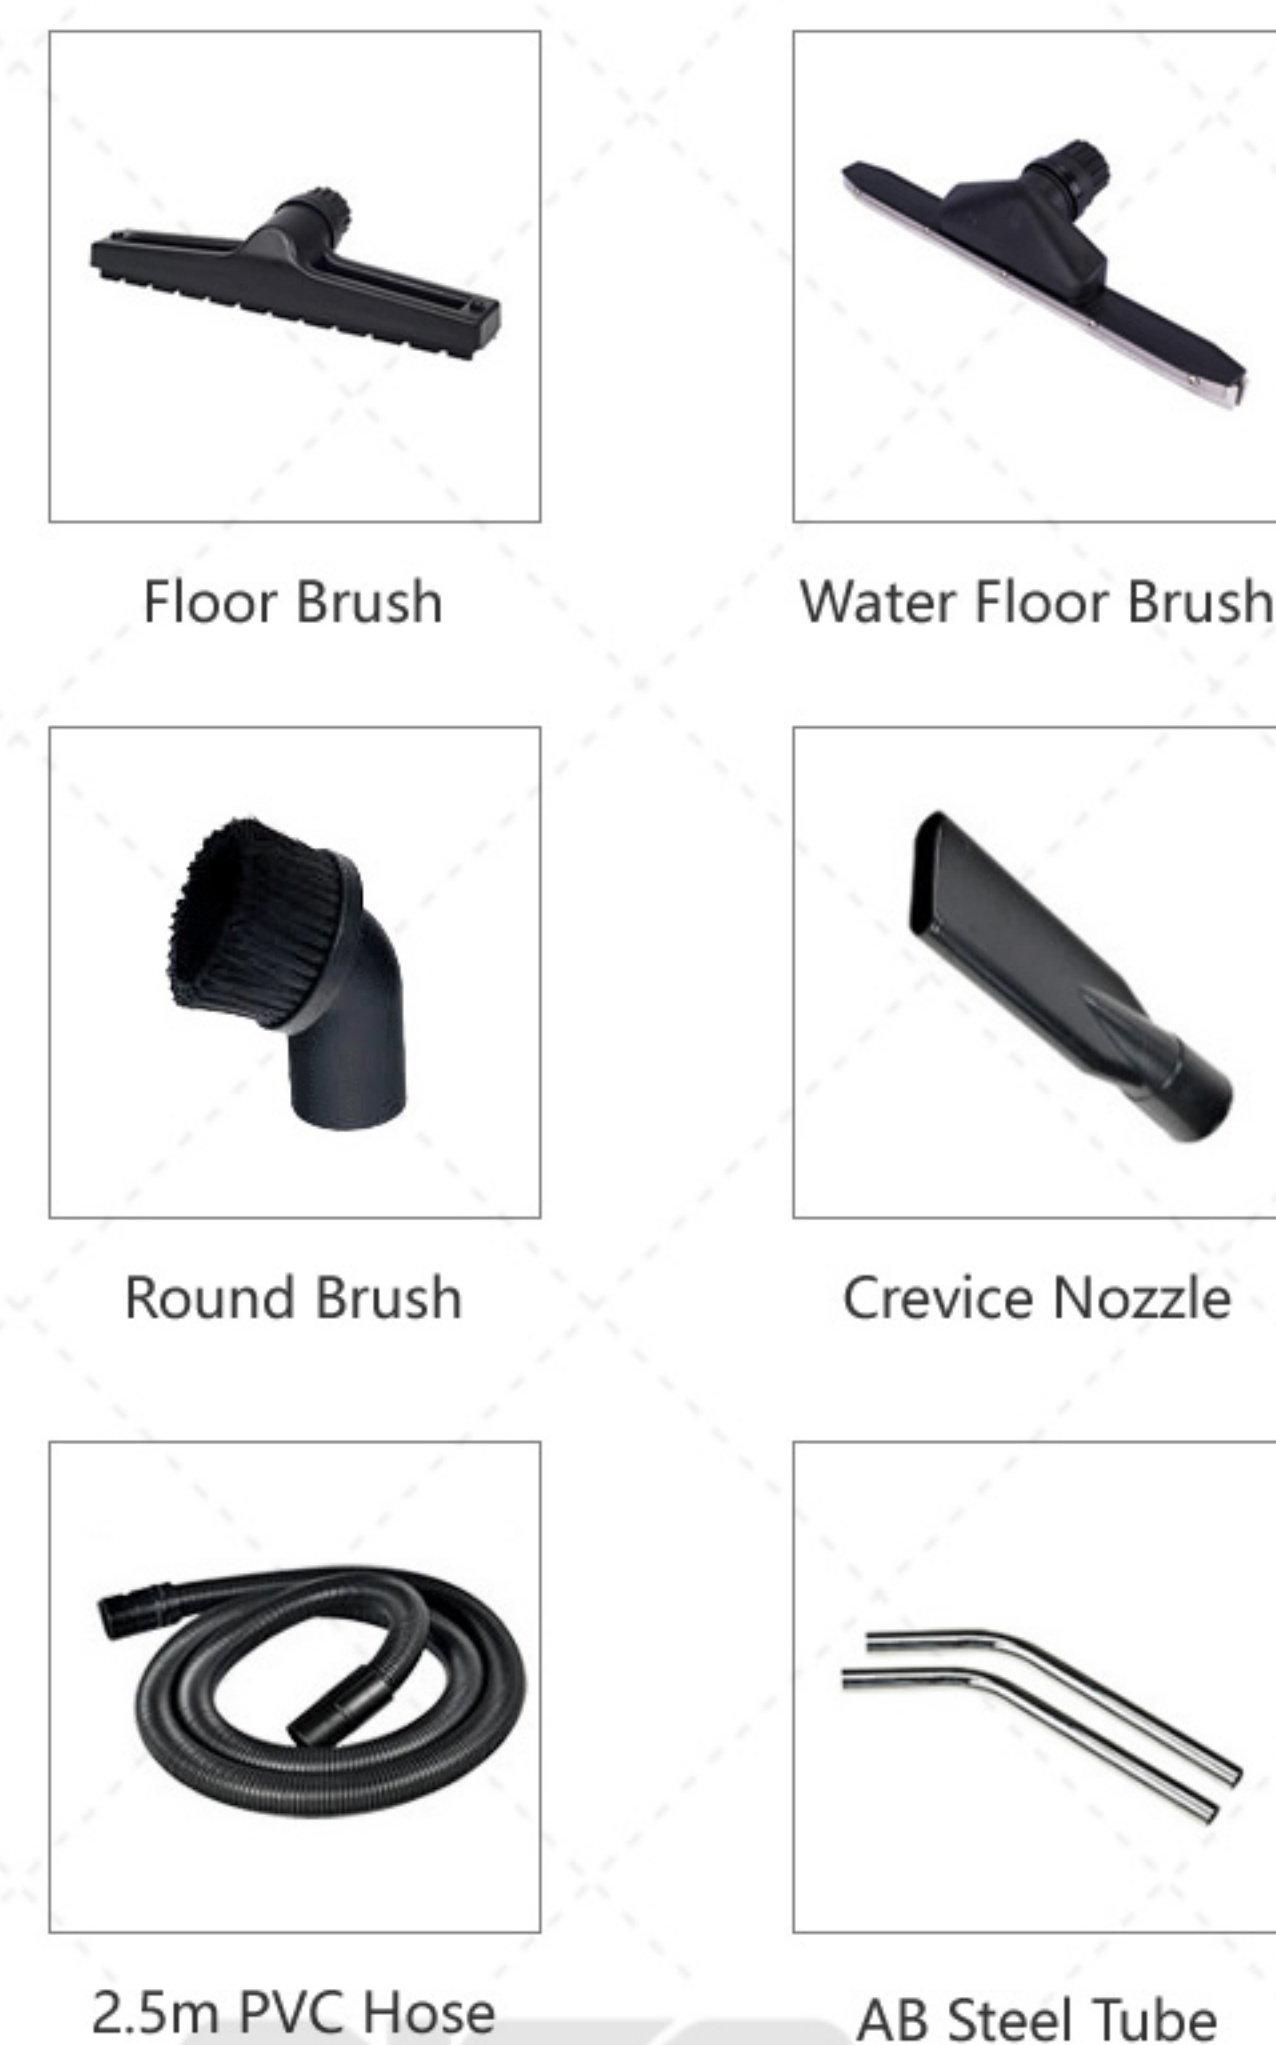

DRY & WET VACUUM CLEANER

干湿吸尘器

This machine adopts wide base design, large size rear wheel, easy to roll, more stable. Non-slip handle design, ergonomic, convenient for daily lifting and moving of the machine. Stainless steel barrel body is resistant to fall, corrosion resistant and easy to clean. Equipped with waterproof and anti-leakage switch, it is more reliable to use. A sewage pipe is set at the bottom of the machine, which reduces the trouble of dumping after absorbing water and makes sewage discharge more convenient and labor-saving.

本款干湿吸尘器采用宽大底座设计，大尺寸后轮，方便滚动，更稳固。防滑提手设计，符合人体工程学，方便日常对机器的提放和移动。桶体采用优质不锈钢无缝焊接而成，外形美观。不锈钢桶体，耐坠落，耐腐蚀，易清洗。配有防水防漏开关，使用更可靠。机器底部设置排污管，减轻了吸水后倾倒麻烦的难题，排放污水更便捷省力。

Item 项目名称	Specification 参数
Voltage 电源	230V/50Hz
Input Power 输入功率	1200W*2
Motor 电机	Double Motors 双电机
Waterproof Grade 防水等级	IPX4
Suction 吸力	≥22KPA
Wind Volume 风量	2.6m ³ /min*2
Barrels Material 桶材质	Steel Tank 不锈钢
Tank Capacity 桶容量	78L
Net Weight 净重	22kg
Gross Weight 毛重	25.1kg
Package Size(L*W*H) 包装尺寸(长*宽*高)	540*590*960mm

It is wet and dry dual-purpose dust suction and water suction machine. It is suitable for hotels, large workshops, factories, shopping malls, car wash and other industries. The machine designed with strong suction, stainless steel barrel, crush resistance, durable, longer life.

本款机器是一款干湿两用型的吸尘吸水机器，采用不锈钢桶身，抗压耐摔，使用寿命长，吸力强劲，适用于酒店、宾馆、厂房、洗车场、大型车间等多种场所的清洁。

• Stainless Steel Barrel Body 不锈钢桶体

Stainless steel barrel body is resistant to fall, corrosion resistant and easy to clean. 桶体不锈钢无缝焊接而成，耐坠落，耐腐蚀，易清洗。

• Strong And High Power 大功率电机

Strong and high power, can work continuously for a long time with high intensity, and can inhale waste and sewage. 强劲大功率电机，可长时间高强度持续工作，废料、污水皆可吸入。

• Custom Dedicated Filter 定制专用滤网

Built-in vacuum filter, made of non-woven material, can be used repeatedly. The dust filter has a high index and collects dust more thoroughly. 内置吸尘专用滤网，尘隔过滤指数高，集尘效果好。无纺布材质，可反复清洗使用。

• EVA Hose EVA软管

EVA tensile and torsion resistant hose, fast recovery after deformation, long service life. 采用EVA抗拉耐扭软管，变形后可快速复原，使用寿命长。

• Rack Design 千秋架设计

Rack design, stainless steel bucket body can be dumped, no need to lift to dump garbage. 千秋架设计，不锈钢桶身可倾倒，无需费力抬起即可倾倒垃圾。
